

# PETER REILLY MARTING

Auburn University  
Department of Biological Sciences  
Auburn, AL

peterrmarting@gmail.com  
AztecaCecropia.com  
+1 314-378-5621

## APPOINTMENTS

2021-present    Postdoctoral Fellow, Auburn University, Auburn, AL  
                        Dr. Michael L. Smith, Advisor  
2018-2020      Postdoctoral Science Communicator and Exhibit Designer,  
                        Parque das Aves, Foz do Iguaçu, Brazil.

## EDUCATION

2011-2018      Ph.D. **Animal Behavior**. Arizona State University  
                        Dr. Stephen C. Pratt, Advisor  
2010-2012      M.A. Research **Biological Sciences**. University of Missouri – Columbia  
                        Dr. Reginald B. Cocroft, Advisor  
2009              B.S. **Biological Sciences**. University of Missouri - Columbia

## FUNDING AND AWARDS

### *Funding and fellowships*

2023    **National Science Foundation** BIO grant on honey bee nest architecture \$949,700\*  
2021    Creative Residency at the Bloedel Reserve, Bainbridge Island, Washington  
2018    International Union for the Study of Social Insects Travel Award: \$1,500  
2018    School of Life Sciences Completion Fellowship: \$11,445  
2017    Assistance with Facilities, Research and Training Initiative, ASU: \$1,500  
2017    Grant-in-Aid of Research, Sigma Xi: \$400  
2015    Lewis and Clark Fund Grant, American Philosophical Society: \$3,800  
2015    **Predoctoral Smithsonian Institution Fellowship**: \$19,350  
2014    The Explorers Club Exploration Fund Grant: \$1,500  
2014    ASU-STRI Research Fellowship: approx. \$12,000  
2013    Ernst Mayr Fellowship, STRI: \$2,400  
2013    SoLS Graduate Summer Research Scholarship, ASU: \$2,700  
2012    ASU-STRI Research Fellowship: approx. \$6,000  
2012    SoLS Graduate Research Scholarship, ASU: \$1,800  
2012    Smithsonian Tropical Research Institute Short-Term Fellowship: \$850

### *Awards*

2017    1<sup>st</sup> Place YouTube Your Entomology, Entomological Society of America: \$500  
2017    Graduate Excellence Award, ASU College of Liberal Arts and Sciences: \$200  
2017    Knowledge Mobilization Award, ASU: Finalist  
2016    1<sup>st</sup> Place Graduate Student Oral Competition, International Congress of Entomology: \$75  
2012    School of Ants International Ant Essay Contest: Honorable Mention  
2011    Invertebrate Sound and Vibration Meeting: Outstanding Student Talk Award  
2011    TA Choice Awards nomination, Missouri Student Association

\*This grant has a significant broader impacts section, which establishes a research-based art exhibit examining the spatiotemporal structure of a honey bee nest. I wrote this section of the proposal, and am a named postdoc leading this aspect of the grant, as well as being part of the research team.

## PUBLICATIONS

- Marting, P.**, Bailey, C., Smith, M. (Submitted) Within-cavity nest preferences: Honey bees build on vertical walls instead of ceilings to position their nest near the entrance. *American Naturalist*.

## ART • OUTREACH • SCIENCE COMMUNICATION

### Exhibitions

- 2022 “Art of Social Insects by Social Insect Scientists”  
- Organized, curated, and contributed to an art exhibit at the IUSI conference with original artwork submitted by researchers from the society that depicted social insects, San Diego, CA
- 2021 “Explore the World of Ants”  
- Multifaceted public exhibit on Thatching ant research, including a presentation, data-inspired art piece, documentary short, and live ants on display at Islandwood, Bainbridge Island, WA.
- 2019 “Cecropia Exposition”  
- Month-long public educational exhibit using video footage, interactive art, and living organisms to explain the *Azteca-Cecropia* mutualism and assess public learning
- 2017 “ARTiculating Science”  
- Organized, curated, and contributed to an art exhibit at Onyx Art Gallery in Phoenix, AZ.  
- Scientists from the AEOR course (listed above) expressed their research through art.

- 2017 “Portraits of Science”  
- Organized, curated, and contributed to a month-long art exhibit at The MonOchid Gallery in the arts district of Phoenix, AZ. Exhibit for the AEOR course (listed above).
- 2012 “N’Sex: a collaboration between artists and entomologists on insect reproduction”  
- Art exhibit (ceramics and wood) at the Eye Lounge, Phoenix, AZ

### **Artwork**

- 2022 “Tracing the Origin of a Society”  
- Illuminated, life-size, artistic representation of a complete honey bee nest using experimental data, showing the shape and trajectory of comb growth with interactive capabilities
- 2022 “Tabletop Mini Glowing Symbiont”  
- A smaller version of the interactive art piece showcasing the Azteca-Cecropia mutualism through an illuminated physical model encoded with light animation from ant data
- 2021 “Ribbons of Modular Architecture”  
- Digital animation art piece created with behavioral data on Thatching ants rearranging the sicks on their nest mounds
- 2021 “The Endotherm Collective”  
- An interactive, illuminated sculpture depicting nest thermoregulation of Thatching ants.
- 2017 “Forest of the Glowing Symbionts”  
- Interactive tree sculptures that light up with ant activity data, exhibited at The MonOchid Gallery for 4 months. Phoenix, AZ.
- 2014 “Cecropia Treesongs: The Music of an Ant-Plant Mutualism”  
- Musical album created by ant distribution data converted to musical notes
- 2013 “Leaf 5 Lover” interactive public performance art  
- Explained the Azteca/Cecropia mutualism in Gamboa, Panama
- 2013 “Jungle Fluids” performance art/environmental manipulation  
- Exposed tropical insects and plants to the novel stimulus of ice in central Panama

### **Public Outreach and Science Communication**

- 2023 “The Endotherm Collective and The Wonderous World of Western Thatching Ants”  
- Public seminar at St. Louis University High School, St. Louis, MO.
- 2023 “About Western Thatching Ants and Artistically Conveyed Data”  
- Public seminar at Bloedel Reserve, WA about my research-based artwork.
- 2021 “The Wondrous World of Western Thatching Ants”  
- A documentary short on Thatching ant biology through detailed macro footage.
- 2019 “Calling on Cecropia trees to help save the Atlantic Rainforest”  
- Public seminar at St. Louis University High School, St. Louis, MO.
- 2019 “Azteca-Cecropia Stories”  
- Engaging bi-weekly public post series highlighting fascinating aspects of the *Azteca-Cecropia* mutualism through photos, videos, and text.
- 2019 “Small World”  
- Engaging bi-weekly public post series showcasing invertebrates, fungus, and small plants with photos, videos, and text.
- 2018 “Cecropia trees, Ant Bodyguards, and Collective Personality”  
- Podcast interview with Matt Candeias for *In Defense of Plants*
- 2017 “Superorganism personality in the Azteca-Cecropia mutualism”  
- Public seminar at St. Louis University High School, St. Louis, MO

- 2017 “Biomusic: Cecropia Treesongs”  
- Presented my musical data to a third-grade music class as part of a module on biomusic. Kyrene de la Paloma Elementary School. Chandler, AZ.
- 2016 “Make a Wish Foundation”  
- Gave a make-a-wish participant an interactive tour of the *Azteca-Cecropia* mutualism in my greenhouse in Gamboa, Panama.
- 2015 “Azteca-Cecropia Behavioral Ecology” - [www.AztecaCecropia.com](http://www.AztecaCecropia.com)  
- Launched website dedicated to informing public and future collaborators about the mutualism, current research, and artwork
- 2015 “Gamboa School Field Trips”  
- Lead many small field trips for students to participate in Azteca-Cecropia experiments
- 2014 “Behavioral ecology of Azteca ants in Cecropia trees”  
- Public seminar at St. Louis University High School, St. Louis, MO
- 2013 “The Smithsonian, ant personalities, and life in the forest”  
- Guest lecture at The Gamboa Rainforest Resort, Gamboa, Panama
- 2012 “Ant Personalities, rainforest creatures, and the jungle experience”  
- Public seminar at St. Louis University High School, St. Louis, MO
- 2012 “Life in the Tropical Rainforest” interactive lesson  
- Guest speaker for 1<sup>st</sup> grade at St. Peters Grade School, Kirkwood, MO
- 2012 “Leafcutter Ants: Division of Labor and Growing Your Own Food” interactive lesson  
- Guest speaker for 3<sup>rd</sup> grade at Old Bonhomme Elementary School, Ladue, MO
- 2012 *We the Forest: Becoming a Part of the Jungle* by Peter R. Marting  
- Photography book on the Peruvian rainforest and field experiences from 2009
- 2011-2018: ASU’s *Ask a Biologist* online inquiry respondent

## SELECTED PRESENTATIONS

### *Invited Talks*

- 2024 “Nest defense architecture: Entrance length influences colony aggression in Honey bees.” Annual Meeting of the Southeastern Branch of Ent. Soc. Am. Augusta, GA.
- 2023 “A behavioral ecologist’s insights on Western Thatching Ants.” UP Lift event at Bloedel Reserve, Bainbridge, WA.
- 2023 “Form and function of nest architecture in Honey bees.” Departmental seminar for Entomology and Nematology, University of Florida – Gainesville.
- 2023 “Artistic expression of research: transforming raw data into art.” Artistic Expression Seminar Series, University of California – Riverside.
- 2022 “Nest architecture and colony function in honey bees” Departmental Seminar for Biological Sciences, Auburn University, AL.
- 2021 “The Wondrous World of Western Thatching Ants.” Bloedel Reserve at Islandwood, Bainbridge Island, WA.
- 2019 “Inherent and environmental factors shaping colony behavior.” Simposio de Mirmecologia, Belo Horizonte, Brazil.
- 2019 “Collective personality in the *Azteca-Cecropia* mutualism.” Federal University for Latin American Integration, Foz do Iguaçu, Brazil.
- 2018 “Artistic expression of *Azteca-Cecropia* research.” Parque das Aves, Foz do Iguaçu, Brazil.
- 2018 “Can scientists show research findings using the arts?” Transformative Knowledge by Design. Washington, DC.

2016 “Exploring colony personality in the *Azteca-Cecropia* mutualism.” Smithsonian Tropical Research Institute Tupper Seminar. Panama City, Panama.

### **Conference Talks**

- 2023 “Nest architecture and colony defense: How do entrance features influence aggression?” Annual Meeting of the Animal Behavior Society. Portland, OR.
- 2022 “Exhibiting nest thermoregulation through light-up sculpture, macro footage, and live ants on display.” International Union for the Study of Social Insects. San Diego, CA.
- 2022 “How do honey bees shape their nest and does it matter?” International Union for the Study of Social Insects. San Diego, CA.
- 2021 “The endotherm collective: visualizing ant nest thermoregulation through sculpture and light.” Annual Meeting for the Ethological Society. Virtual conference.
- 2020 “Science communication: video footage, interactive sculptures, and living organisms are effective for visitor absorption.” Annual Meeting of the Animal Behavior Society. Virtual conference.
- 2018 “The effect of host transplants and soil nutrients on colony personality in the *Azteca-Cecropia* mutualism.” International Society for Behavioral Ecology. Minneapolis, MN.
- 2018 “Soil nutrients and colony personality in the *Azteca-Cecropia* Mutualism.” International Union for the Study of Social Insects. Guarujá, Brazil.
- 2018 “Ant-plant sociometry: growth, distribution, morphology, and behavior in the *Azteca-Cecropia* mutualism.” International Union for the Study of Social Insects. Guarujá, Brazil.
- 2018 “Forest of the glowing symbionts” National Academy of Sciences Sackler Colloquium: Creative Collaborations. Washington, DC.
- 2018 “The effects of soil nutrients on collective behavior in an ant-plant mutualism” Society for Integrative and Comparative Biology. San Francisco, CA.
- 2017 “Ant-plant sociometry: how tree and colony structure interact and give rise to emergent behavior.” Annual Meeting of the Animal Behavior Society. Toronto, ON.
- 2016 “Colony personality and plant health in the *Azteca-Cecropia* mutualism.” International Congress of Entomology. Orlando, FL.
- 2016 “A colony-level behavioral syndrome links to plant health in the *Azteca-Cecropia* mutualism.” Annual Meeting of the Animal Behavior Society. Columbia, MO.
- 2015 “A colony-level behavioral syndrome links with plant health in the *Azteca-Cecropia* mutualism.” ASU - UWü International Symposium and Workshop. Arizona State University, Tempe, AZ.
- 2015 “A collective behavioral syndrome links with plant health in the *Azteca-Cecropia* mutualism.” Smithsonian Tropical Research Institute Fellowship Symposium. Panama City, Panama.
- 2014 “Collective behavioral syndromes of *Azteca* ants in *Cecropia* trees.” ASU - UWü International Symposium and Workshop. Würzburg, Germany.
- 2013 “Collective individuality of *Azteca* ant colonies in *Cecropia* trees.” Collective Behavior of Social Insects Mini-Conference. University of Arizona, Tucson, AZ.
- 2011 “Competitive signal masking during mate localization in a treehopper.” Invertebrate Sound and Vibration Meeting. University of Missouri, Columbia.

### **Conference Posters**

- 2017 “Ant-plant sociometry: tree structure, colony distribution, colony size, and ant morphology” Association for Tropical Biology and Conservation. Mérida, Yucatán, Mexico.
- 2013 “Testing for collective personalities in *Azteca* ant colonies.” Smithsonian Tropical Research Institute Fellowship Symposium. Panama City, Panama.
- 2012 “Testing for collective personalities in *Azteca* ant colonies.” International Union for the Study of Social Insects – North American Section Meeting. Greensboro, NC.

2010 "Signal masking during mate localization in a treehopper." Annual Meeting of the Animal Behavior Society. College of William and Mary, Williamsburg.

### **Campus and Departmental Presentations**

- 2022 "How to make figures informative, compelling, and beautiful" Guest lecture, Auburn University.
- 2021 "Natural history of the *Azteca-Cecropia* symbiosis." Symbiosis Ecology, Connecticut College, CN.
- 2020 "How internal and external factors shape collective personality." Animal Behavior Group, Smithsonian Tropical Research Institute, Panama.
- 2018 "Collective personality in the *Azteca-Cecropia* mutualism." Dissertation Defense Seminar. Arizona State University, Tempe, AZ. Talk.
- 2018 "Basic science is exhilarating – let's express it that way." Science Communication Guest Speaker. Arizona State University, Tempe, AZ. Talk.
- 2016 "Azteca-Cecropia behavioral ecology." Graduate Student Seminar. Arizona State University, Tempe, AZ. Talk.
- 2016 "Exploring colony personality: colony transplants, soil nutrients, and ontogeny in the *Azteca-Cecropia* mutualism." Social Insect Research Group Seminar. Arizona State University, Tempe, AZ. Talk.
- 2016 "Exploring colony personality in the *Azteca-Cecropia* mutualism." Smithsonian Tropical Research Institute Behavior Seminar. Panama City, Panama. Talk.
- 2016 "Cocha Cashu and the heart of darkness: exploring a biological station in the depths of Amazonia." Graduate Student Seminar. Arizona State University, Tempe, AZ. Talk.
- 2016 "Cecropia treesongs: the music of an ant-plant mutualism." Graduate Student Seminar. Arizona State University, Tempe, AZ. Talk.
- 2014 "Collective behavioral syndromes of *Azteca* ants in *Cecropia* trees." Smithsonian Tropical Research Institute Gamboa Seminar. Gamboa, Panama. Talk.
- 2014 "Collective personality of *Azteca* ants in *Cecropia* trees." Graduate Student Seminar. Arizona State University, Tempe, AZ. Talk.
- 2013 "Collective individuality of *Azteca* ant colonies in *Cecropia* trees." Social Insect Research Group Seminar. Arizona State University, Tempe, AZ. Talk.
- 2013 "Collective individuality of *Azteca* ant colonies in *Cecropia* trees." Smithsonian Tropical Research Institute Bambi Seminar. Barro Colorado Island, Panama. Talk. 2013 "Behavioral ecology and individuality of *Azteca* ant colonies." Smithsonian Tropical Research Institute Gamboa Seminar. Gamboa, Panama. Talk
- 2012 "Behavioral ecology and individuality of *Azteca* ant colonies." Social Insect Research Group Seminar. Arizona State University, Tempe, AZ. Talk.
- 2012 "Collective personalities in *Azteca* ant colonies." Smithsonian Tropical Research Institute Behavior Seminar. Panama City, Panama. Talk.
- 2012 "Competitive signal masking in a duetting insect." Social Insect Research Group Seminar. Arizona State University, Tempe, AZ. Talk.
- 2009 "Testing for kin recognition during mate competition." Undergraduate Achievements and Creative Forum. University of Missouri, Columbia. Poster.

## **TEACHING**

### **Primary Instructor**

- 2021-2022 Auburn University, "Animal Behavior," Co-instructor, 2 semesters
- 2017 Arizona State University, "Artistic Expression of Original Research," 2 semesters
- Designed, created, instructed the course
  - Graduate student scientists express their own research through art

### **Teaching Assistant**

- 2011-2017 Arizona State University  
- General Biology Laboratory (3 semesters)  
- Animal Physiology Laboratory (4 semesters), Lecture (1 semester)
- 2010-2011 University of Missouri  
- Cell Biology (3 semesters)

### **Training**

- 2010 Completed *College Science Teaching* graduate course, University of Missouri

## **RESEARCH SUPERVISION**

### **Undergraduate Lab Assistants**

- 2022-2023 Olivia Smith, Auburn  
2022 Gabi Cano, Auburn  
2021-2023 Claire Bailey, Auburn  
2021-2023 Maritza Spott, Auburn  
2018 Danielle Fry, ASU  
2018 Moira McCarthy, ASU  
2016-2018 Brandon Aki-Jackson, ASU  
2016-2017 Patrick McCarthy, ASU  
2016-2017 Nan Qui, ASU  
2014-2017 Zakaria Mohmoud, ASU

- 2014-2016 Nicole Kallman, ASU  
2015 Melissa Lopez, ASU  
2015 Venessa Howg, ASU

### **Field Assistants**

- 2015 Coline Muller, STRI, Panama  
2014 Taylor Mazzacavallo, STRI, Panama  
2013 Gabe Patterson, STRI, Panama
